ABOUT ME:

As a skilled web developer, I optimize website performance, functionality, and user experience using tech stacks like React, Ruby on Rails, and PostgreSQL. I'm proficient in React's Context API and Redux, and knowledgeable in JS and TS, HTML, CSS, TailwindCSS, Firebase, and Vite. I'm committed to ongoing learning and exploring frameworks like NextJS, SSG, ISR, and SSR to enhance website development. My expertise, attention to detail, and dedication to best practices make me an asset to any team, and I deliver visually appealing, functional, and user-friendly websites while staying up to date with the latest trends and technologies in the field.
